Majoring in UI/UX Communication Design; completed coursework in user research, wireframing, prototyping, visual design, and usability testing. Developed skills in design tools including Figma, Adobe XD, and Photoshop.

Coppell High School — Graduated May 2024

Specialized in the Computers pathway with proficiency in Python, HTML, and foundational computer science concepts

ABOUT ME

Hi, I'm Cassie — a tech-driven problem solver, leader, and hardworking individual with a passion for computers, art, and design. Currently studying UI/UX at Dallas College, I thrive on tackling challenges and creating innovative solutions. With a natural talent for leadership and a commitment to continuous growth, I aim to make a meaningful impact through my work.

WORK EXPERIENCE

The Home Depot Front End Supervisor — August 2024 - present

Quickly took charge of front-end operations, leading a high-performing team and ensuring smooth, customer-focused checkout. Managed opening/closing, cash handling, coaching, and issue resolution. Streamlined processes, upheld high service standards, and drove a positive store environment through strong leadership, adaptability, and attention to detail.

GNC Cashier & Nutrition Specialist — April 2024 - August 2024

At GNC, I apply my tech skills and leadership to enhance the customer experience and drive sales. I assist customers, handle transactions, maintain store organization, support promotions, and help implement new technologies to improve operations and service.

AquaTots Swim Instructor — July 2022 - November 2023

As a Lead Swim Instructor I provided personalized lessons focused on skill development and safety. Managed 8-10 classes daily, ensuring high-quality instruction and maintaining proactive communication with parents for optimal student progress.

iCode Front Desk & Coding Instructor — June 2021 - February 2022

Began as a Assistant Teacher then began quickly advancing to manage daily operations, including opening/closing, curriculum adaptation, and parent communication. Demonstrated leadership, adaptability, and strong organizational skills, contributing to a positive learning environment and business success.
